Also this year we decided to move the date from 21-30 April to 27 April to 6 May due to the Mondial du Vent of Leucate that it is 22-26 April 2026.
We do a wonderful sport but maybe the most underestimated in the world....
Our 3 Events 2026 reached Over 10 Milions people just in our Social Media… I think it’s a good start to promote you guys and the sport and the Prince of Speed.
We go on to push our sport cause we believe that one day or one other, if we don't give up, we will touch the interest of a big " Company" who decide that is the the time to link their image to speed sailing.....
attached to this mail you can find the 2 official logos of the Event.
Mandatory to use in every post for everybody.

Forever Speed!!
